MEDIA ELLIPSE

PAIRING QUICKSTART GUIDE

1. Be sure the USB dongle is plugged in to the dock securely.
2. Charge speakers for 4-6 hours before pairing by attaching power cord and placing each speaker in the charging area on either side of dock.
3. Pair speakers one-at-a-time
    a. Power on one speaker by sliding switch (back of speaker) to “ON”
    b. Press and hold “C” button (back of speaker) until you hear a repeating beeping tone
    c. Press and hold the button (back of dongle) until beeping tone becomes continuous tone
4. Repeat step three (3) for other speaker
5. Your speakers are now paired.
